

Why a Christian school for your child?

The Bible says, "Train up a child in the way he should go, and when he is old, he will not turn from it." A Christian school can be an educational, social, as well as, spiritual benefit to the child.

Objectives:

- To share the love of Jesus
- To encourage social and emotional development
- To prepare children academically for 1st grade
- To provide opportunities for intellectual and spiritual growth

These objectives will be accomplished through a variety of activities including Bible lessons, songs, games, stories, arts, playtime, crafts, field trips, social experiences, science experiments, and more.

Kindergarten

Enrollment

The child needs to be 5 years old by September 1st.

School Hours

Trinity has a unique Kindergarten program. We meet on Monday, Wednesday, and Friday for a full day from 8:15 to 3:15. The full days allow the children to have an extended learning time. This schedule will make for an easy transition to an all day, five days a week first grade. The children still have Tuesdays and Thursdays to re-energize for more learning on the next day.

Immunizations

The State requires that each child's immunizations must be up to date. (Immunization cards will be provided for the parents).

Transportation

The full day Kindergarten program also allows the children to ride the school bus to and from school. Students must be within our transportation district to use this service.

Program Overview

Trinity's Kindergarten program includes activities in religion, math, science, music and art that will help prepare the children for the first grade. All of these materials are presented in a Christian setting, preparing the students for a life with Christ.

We also offer an active physical education program. In school piano lessons are available for a fee. Students may order hot lunch on Wednesday and Friday.

We have a small student to teacher ratio assuring attention to individual learning styles.

Trinity church and school is a caring community where children and adults can learn and grow in God's word.

Field Trips

Field trips are an enjoyable part of learning. The parents may be asked to help chaperone and/or provide transportation for our field trips.

Parent Conferences

Parents are welcome to observe, call, or have consultations anytime upon request. Scheduled conferences also take place during the school year.

Tuition

There is a tuition charge for non-members. In addition to the tuition, all Kindergarten students pay an education fee. Payments for tuition and the educational fee may be made monthly or quarterly.

Questions / Concerns

If you have any questions, comments, concerns, ideas, or suggestions, do not hesitate to call. We are anxious to send information about our Kindergarten Program to any interested families.
